INTRODUCTION

The National Fire Equipment System (NFES) Subcommittee, part of the National Wildfire Coordinating Group (NWCG) Equipment Technology Committee (ETC), provides standards for fire supplies and equipment and an organized method for stocking and ordering those items. The NWCG NFES Catalog lists the items that may be ordered and documents the ordering procedure.

This annual catalog contains the list of national interagency publications, training courses, and reference materials that are stocked at/ordered from the Great Basin Cache (GBK), part of the U.S. Department of the Interior (USDI), Bureau of Land Management (BLM).

This catalog is revised annually and posted at <http://www.nwcg.gov/pms/pubs/catalog.htm>
A supplemental "catalog update" is posted monthly throughout the year and posted at <http://www.nwcg.gov/pms/pubs/catalog.htm> to reflect new information.

All catalog items and related shipping charges are provided on a cost recovery basis by the US Department of the Interior, Bureau of Land Management.

Prices are adjusted March 1 each year.

NFES numbers are assigned to identify/order all catalog items. Each item has a unique NFES number. Great Basin Cache (GBK) performs an annual inventory in February, during which ONLY orders for active incidents are processed. GBK continues to process and ship all orders until the inventory begins, however, to ensure that an order is processed and shipped it must be submitted by the ordering cut-off date (typically mid-January). **Please call GBK Supply Office at 208-387-5104 in early December to verify the ordering cut-off date.** Normal processing resumes once inventory has been completed.

Credit Card Procedure

Questions? Supply Office 208-387-5104

Ordering and Credit Card Forms can be found at: <http://www.nwcg.gov/pms/pubs/catalog.htm>

All ordering units may use credit cards for PMS Catalog Items.

Federal agencies, private individuals, university/college bookstore contractors, and military units must use credit cards. Orders from these groups are not processed without credit card information.

For privacy and security, credit card information must be separate from the order form. Refer to the credit card form provided.

Orders billed to a credit card will not allow for "back-ordered" items. You will need to reorder if an item is out of stock. **Please see "Comments" on the packing list within your shipment.**

GBK will not take credit card information over the phone. This information **must** be faxed or mailed with the order on the credit card form provide.

If the credit card account is declined by the bank for any reason, GBK will contact the cardholder by telephone for verification and request another credit card if necessary. Failure to rectify any problems with payment can affect the ability to order from GBK in the future.

Invoice Procedure

Questions? Billing/Collection 208-387-5533

Ordering and Credit Card Forms can be found at: <http://www.nwcg.gov/pms/pubs/catalog.htm>

A *USDI BLM Bill for Collections* will be sent within 21 days of order receipt. Payment is due within 30 days of bill date. Payment may be made by check, money order or credit card. Backup documentation is provided for reference and itemization purposes.

The cost of items ordered and shipping charge(s) will appear on the bill.

Orders billed to invoice will not allow for "back-ordered" items. You will need to reorder if an item is out of stock. Please see "Comments" on the packing list within your shipment.

GBK reserves the right to refuse orders from any agency/unit with past due balances over 90 days old until payment has been received in full. Submission of an order to GBK is an agreement to pay for all costs incurred by the USDI BLM to provide these materials. These costs include any and all shipping charges regardless of whether such costs were included on the original ordering/purchasing

document. It is the responsibility of the person ordering materials to assure that all requirements have been met for their payment offices. Credit cards may become mandatory for any agency/unit that is found to be consistently difficult to collect from.

GBK is not responsible for the validity of any order received.

Shipment Receipt Procedure

Questions? Supply Office 208-387-5104

Items are shipped with an issue/packing list. Immediately verify that all items listed on the computer issue/packing list are enclosed.

Please see “Comments” are on the issue/packing list for information about back-orders, items not carried, discontinued items, or any other specific information about your order. If there are questions once you receive your order, please refer to the “issue number” when calling GBK Supply Office.

Return Procedure

Questions? Supply Office 208-387-5104

Please refer to the issue number on the packing list in your correspondence when returning items. Items ordered from Part 2 of the catalog may be returned for credit within **30 days of receipt** ONLY if they have not been used and are still a viable item stocked by GBK.

Discontinued or obsolete items will not be credited.

Returned items on credit cards will be credited to the credit card originally charged.

Credit for returned items on invoiced items will be applied to the subsequent order whenever possible within the current year. If no subsequent order or a specific request for credit received, a refund check will be issued by U.S. Department of Treasury. This action is avoided due to the cost that reverts back to the Federal Government.

Due to costs incurred, future refunds may require banking information to initiate an EFT/ACH payment.

Ordering and Credit Card Forms can be found at: <http://www.nwcg.gov/pms/pubs/catalog.htm>

- **Interagency Standards for Fire and Fire Aviation Operations (2014)**

NFES 002724 \$4.82

This annual document is also known as the "red book". This document states, references or supplements policy for the Bureau of Land Management, Forest Service, Fish and Wildlife Service and National Park Service fire and fire-aviation program management. The standards are designed to ensure safe and efficient wildland fire, fuels, and fire aviation operations. Posted at http://www.nifc.gov/policies/pol_intgncy_guides.html

Lot Acceptance, Quality Assurance and Field Quality Control of Fire & Retardant Chemicals, PMS 444-1 (2000)

NFES 001245 \$2.40

This guide provides information needed for cost effectiveness and efficient management of the fire retardant chemical program. It contains direction for taking representative samples, preparing samples, and testing for specific weight, viscosity, and salt content. Also covered are when and how to take corrective action and the importance of proper record keeping.

National Fire Danger Rating System Reference Material, PMS 933 (2010)

NFES 002687 \$1.86 CD-ROM

Major sections include: NFDRS Model, FireFamily, Climatology, Computations, Drought, Dead Fuel Moisture, Greenness, Pocket Card, Haines Index, Weather Stations, WIMS, Canadian System, Install Viewers. Documents on the CD include (not a complete list): Aids to Determining Fuel Models, Gaining a Basic Understanding of the NFDRS, Charts for Interpreting Wildland Fire Behavior, Fire Weather, and Atmospheric Conditions Related to Blowup Fires, and Fire Environment Concept

- **National Incident Radio Support Cache User's Guide (2014)**

NFES 000968 \$12.76

The annual guide contains the catalog, instructional information, and communication design drawings. This document and other incident communication support information is available at
