Letter from the Principal

Dear Students and Parents/Guardians,

I hope and trust you will have a wonderful school year! Our WVHS teaching and learning contract with you promises academic Rigor, Relevance, Reflection by staff, and Relationships in an effort to make your learning as meaningful as possible. As a WVHS student, we ask that you, Be Ready, Be Respectful, and Be Responsible as you approach every opportunity. We look forward to working with you during the 2007-08 school year!

This handbook provides information on two areas of interest to students and parents. The first section describes student activity and athletic programs; we encourage students to get involved and to broaden their social experiences.

Next you will find a description of the Discipline Policy that will be utilized this year at Waubonsie Valley High School. The goal of the policy is the development of self-discipline, based on mutual respect for each and every individual in our building. Through self-discipline and an orderly school atmosphere, students and teachers can be about their first and foremost responsibility --- teaching/learning.

We believe students should know the range of consequences for poor choices, so the guidelines we follow are listed here. There is a progression of penalties ranging from a warning to out-of-school suspension and to possible expulsion. Saturday School detentions (8 a.m. to noon) and P.M. School detention (2:40 - 4:40 p.m.) have allowed us to limit out-of-school suspensions to serious and/or frequent infractions.

You will note the strong emphasis we place on attendance. If students wish to earn credit and good grades for classes, they must be punctual and attend classes regularly. Upon reaching twelve absences in a semester, students may be removed from classes and forfeit credit.

Waubonsie Valley deans oversee student discipline and attendance. The deans and counselors are teamed and work with students by alphabetical order. Please read this document and be familiar with it. Should you have any questions, please feel free to contact one of the deans or me. Have a great school year!

Sincerely,

James Schmid

Intramurals

Intramural sports are offered to any student not participating in an interscholastic sport during the same season. Fall Intramural sports are Fall Open Gym, Flag Football, and Powder Puff Football. Winter sports offered are basketball and bowling. Spring Intramurals offered are Open Gym and Golf.

Running Club

The Running Club promotes physical conditioning through running, stretching, and the lifting of weights. It is for the serious athlete preparing for a sport, recreational athlete, or someone looking for conditioning. Social and service activities are also included.

Special Olympics

Available to all students as athletes or peer coaches, the goal of Special Olympics is to provide access to sports to athletes with varying disabilities. Athletes compete in weight lifting, cardio, basketball, swimming, track and field, as well as bowling. Students volunteer as peer coaches to workout throughout the sports season.

Ultimate Frisbee - Emerging Club

Ultimate Frisbee is a fun, competitive, coed (males and females) team sport that requires no experience! At WVHS, it is a fall sport that is played outside! All are welcomed to be a part of this interactive experience!

Yoga Club - Emerging Club

Yoga Club benefits our student body and would build on our school's belief in educating both the mind and body. Yoga has been used for centuries to teach strength, flexibility and balance; encouraging a balance between the mind and body in order to be complete and at peace with the world around us. Students involved in other sports can use this club as a means to develop greater flexibility, while other students could use it as a non-competitive physical activity that progresses on an individual's ability level. Yoga is a non-competitive activity that sets goals at various levels and welcomes all to participate at their own comfort level.

===STUDENT GOVERNMENT===

Student Council - Freshman Officers-Sophomore Officers-Junior Officers-Senior Officers

Our organization is for students who are interested in taking pride & leadership roles in their school. Each class consists of four officers & their elected class representatives. These students are elected by their respective classes & aid the council in developing & improving activities. Many of our activities encourage both school & community involvement throughout the year.

Model United Nations

The goal of Model UN is to learn about problems and solve them from a Global perspective based on the country a participant is assigned. Participation in the Model United Nations Club is open for all grade levels. Participants research current international events & debate related issues at 2 conferences: the University of Chicago and the University of Illinois. Model UN offers a unique opportunity to study current news topics, develop high-level communication skills & to socialize with high school students from across the U.S.

Youth and Government

The group gives students a hands-on experience working in government, culminating with a weekend trip to the State Capitol. In Springfield, WVHS students enjoy the privilege of using the facilities of the State Capital as they participate in the finest laboratory in state government available.

Offerings are subject to change.

2007-2008 DISCIPLINE POLICY AND RULES

The Superintendent or his/her designee, with input from the parent-teacher advisory committee, will prepare disciplinary rules to implement the District's policies.

The District disciplinary policies and rules will be published and distributed to each student's parent(s)/guardian(s) within 15 days of the beginning of the school year.

Each student is responsible for becoming familiar with the District's and the school's disciplinary policies and rules, and any claim of lack of knowledge of such policies and rules will not affect any disciplinary proceedings that are initiated against a student.

WVHS believes in the development of self-discipline in each student. Parents, teachers and school officials are all partners in helping students acquire that self-discipline. At school, teachers are the first resource in fostering an orderly school atmosphere.

When a student is involved in a disciplinary matter, the student will be given individual attention in a positive, corrective manner. Disciplinary action may range from warnings to detention to suspension from school. Expulsion from the school is the most serious option used in maintaining student discipline.

Parents are informed of significant disciplinary action involving their student as well as the procedure for due process appeals in suspensions.

All school rules apply on the way to and from school.

RANGE OF DISCIPLINARY CONSEQUENCES (BP 710.01)

1. **Loss of Option Periods Privileges** are issued by the dean and guidance counselor.
2. **Warnings** are issued by deans to student.
3. **After School Detentions (2:40 - 3:40)** are issued by deans, are tracked and accumulated per semester. Failure to serve after school detentions will result in a P.M. School Detention. Teachers may also issue their own detentions.
4. **P.M. School (2:40 - 4:40) and Saturday School (8:00 a.m. - 12:00 noon) Detentions** are issued by the deans for acts of gross disobedience and/or infractions involving misconduct. P.M. School and Saturday School will be supervised by a staff member and a paraprofessional. It is the student's responsibility to bring appropriate work. First offense for failing to serve Saturday School will result in being assigned two Saturday Schools. Further offenses of missing Saturday Schools will result in 3 days of out-of-school suspension for each additional incident. Gross insubordination of rules and regulations may cause immediate suspension.

For emergency Saturday School absences, parents should contact their child's dean.

Detention dates and times will not be changed and will be served on the school day they are issued. In the event that a parent cannot be contacted personally, a letter/referral may be sent.

20 HOURS OF DETENTION - If a student exceeds 20 hours of detention assigned by a dean in a semester, it is obvious detentions do not appear to remediate the problem. Consequently, that student may be suspended for each subsequent detention incident.

5. **Out-of-School Suspensions** are issued by deans and assistant principals and are subject to due process procedures.
6. **Removal from Class with No Credit** is an option if a student is removed from class for disruptive behavior more than one time. He/she may be dropped from class, pending administrative review, for the remainder of the semester with a failing grade, and placed in a study hall.
7. **Expulsion** from school may be up to two years as established by state law if recommended by the Administration and acted upon by the Board of Education. This is the most serious consequence and is subject to due process procedures.

SUSPENSION, EXPULSION, & DUE PROCESS PROCEDURES (BP 710.01)

The great majority of classroom management and student discipline is handled by teachers before involving a dean. A student suspected or accused of an alleged infraction of school rules or allegedly disturbing the order of the educational environment will then be dealt with by a dean. Any staff member may bring a student alleged to have misbehaved to the attention of a dean.

A dean will make a judgment after collecting available evidence, and conducting an investigation regarding the alleged infraction, and after giving the student accused of an alleged infraction an opportunity to respond to the charges. Often times the deans will work with the School Resource Officer to investigate an alleged infraction.

If a dean determines that appropriate administrative action involves disciplinary sanctions against the student, he/she will inform the student. If the disciplinary action includes suspension or expulsion from school, a letter will also be sent to the parents informing them of the infraction and their due process right for appeal. **All class work missed should be requested through the guidance office and must be turned in within 48 hours of the end of the suspension.** A student whose presence poses a continued danger to persons or property, or poses ongoing threats or disruption to the academic process, may be immediately removed from school. In such cases, the requirements of suspension proceedings will follow as soon as possible.

An out-of-school suspension from school is also a suspension from all athletic and activity practices and events; suspended students are not allowed on school property during the period of suspension. It is important to keep in mind that participation in activities and athletics is a privilege, not a right. The rights of due process do not extend to such a privilege. A separate, compatible participation code covers conduct by students involved in athletics/activities both in and out of season. The decision in cases of alleged misconduct will include both the regular school discipline and the extracurricular discipline.

A review process is afforded the student when the discipline requires an out-of-school suspension. If a parent wishes to appeal a dean's decision he/she may appeal to the principal or his designee according to the due process procedures. Appeal hearings are held at school or the District Education Center.

Reviews must be in the following order:

1. Principal or designee
2. Superintendent or designee or School Board appointed hearing officer, at the discretion of the administration

Any request for appeal of a disciplinary suspension of ten (10) days or less shall not delay the implementation of the suspension. However, if the suspension is overruled or modified upon review, the student will be permitted to make up work for any school days for which a suspension is vacated, and disciplinary records will be removed from or revised in the student record, as necessary, to reflect the result of any review.

Multiple Suspensions: Any student accumulating four separate suspensions or a total of 20 days of suspension during the school year may be recommended for expulsion for the remainder of the school term or for the current & following semester. (BP 710.01)

THREATS/BULLYING/INTIMIDATION and SAFE SCHOOLS (BP 710.01; 715.01)

With the recent publicized episodes of violence in some schools across the nation, we intend to take irresponsible threats seriously. We caution all students that threats/bullying/intimidation may result in serious disciplinary consequences. Police investigation, arrest, suspension, and recommendation for expulsions may be warranted.

ZERO TOLERANCE for WEAPONS (BP 710.16; 715.01)

Possession or use of a weapon or other object which may reasonably be considered to be a weapon on or about the student's person or car or upon the school premises at any school sponsored activity will be dealt with severely. Engaging in these activities will result in suspension, possible recommendation for expulsion, and possible arrest.

ZERO TOLERANCE for GANGS (BP 710.27; 715.01)

Indian Prairie School District 204 has zero tolerance for behaviors that are associated with gang activity. Consequently, students engaged in any activities that are associated with gangs will be swiftly and severely dealt with. These activities may include wearing, possessing or displaying items that are considered to be gang identifiers in our school, graffiti, related disturbances, recruitment, harassment, slogans, possession of personal pagers, tagging, etc. Engaging in these activities will result in suspension, possible recommendation for expulsion, and possible arrest.

ZERO TOLERANCE for ALCOHOL and DRUGS (BP 710.15; 715.01)

The use of alcohol and drugs is illegal and will not be tolerated. If a student is under the influence of alcohol or drugs, he will be immediately suspended from school pending an investigation of the situation. WVHS reserves the right to inspect any beverage containers brought into school. The mere possession of alcohol or drugs (including the paraphernalia associated with drugs) on a student's person, in a car, at school events, or in a locker will result in suspension and referral to available community enforcement prevention agency. The school assumes that a person bringing such substances to school has the intention of using or selling them. At a suspension conference with the dean, counselor, parents, and student, the specific circumstances of the suspension and any underlying problems will be discussed. A recommendation for alternatives, such as further education and counseling, may be made. The responsibility for getting special counseling will rest with the student and his/her parents. Prior to the student returning to school, a meeting will be required with parents in attendance to determine what follow up measures have been pursued. Students using or possessing alcohol or drugs, including paraphernalia, will be referred to the police.

SAFETY and SUPERVISION AFTER SCHOOL

In order for students to experience positive extracurricular activities, all after school activities require a supervisor per activity. **Each day, at 2:40 PM, all students who are not under the direct supervision of a staff member will be asked to leave the school property.** If you are not able to

leave the school property, you may be assigned to an area of the building where a staff member will supervise you.

SAFETY and SUPERVISION AFTER SCHOOL CONT.

Failure to comply to a directive to leave the building or move to an assigned area will lead to a progression of discipline consequences such as warning, discipline referral, Saturday School, suspension, a No Trespassing Letter, and possible arrest.

FIGHTING (BP 715.01)

Fighting at school will not be tolerated. When such an event happens, an investigation of the activity is conducted by the administration and discipline is usually issued to all participants. Unfortunately, such events are generally not the result of one simple act of aggression on the part of one individual. Usually, the fight is a result of a complex web of circumstances and verbal exchanges which have been transpiring for days and even weeks. **Advice to Students:** *If you are approached by another student who threatens you and wants to fight, tell the nearest staff member or go to the dean's office to report it. Do not involve yourself in a fight; you will probably be suspended from school and arrested if you do. These general guidelines also apply to travel to and from school and to school-sponsored activities.*

VANDALISM (BP 710.10; 715.01)

One trait of a good citizen is pride. Each and every student should take pride in the school. When students believe and act positively in their work, they will have reason to take pride in their school, and they will be helping themselves. A school is judged by its students, just as students are judged by their school. Therefore, it is important that students think and act responsibly within the community as well as on school grounds. Conduct which is detrimental to the students, teachers, or school property will not be tolerated and may be the basis for suspension, arrest, and/or expulsion.

SEXUAL HARASSMENT (BP 715.11; 715.01)

Sexual harassment of students by other students is prohibited. Sexual harassment is defined as follows: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual or sex-based nature, imposed on the basis of sex, that has the purpose or effect of limiting any student in the enjoyment of any right, privilege, advantage, or opportunity in the educational environment. In keeping with increased awareness of and concern with the issue of student to student sexual harassment, it is important for students to know that this type of activity is not tolerated in District #204. Reported incidences will be closely and discreetly investigated. **Advice to Students:** *If you feel you are being sexually harassed, you should see your counselor, your dean, or an assistant principal.*

RACIAL INCIDENTS (BP 710.01; 710.06; 715.01)

All students are valued members of our school community and should feel that the learning environment is safe and accepting. WVHS does not tolerate racial or ethnic slurs, innuendoes, or any other related action. Any student who participates in such activity will face disciplinary action.

SMOKING (BP 710.12; 715.01)

For health and safety reasons, the school discourages students from any tobacco use. Illinois law also prohibits smoking by anyone on school grounds. Students are not allowed to smoke at school, in cars or buses, or at activities held on or off campus such as athletic events, plays, dances, and other social gatherings. The restrictions on smoking include use or possession of all tobacco products, including cigarettes, chewing tobacco, cigars, pipes, or lighting devices. Smoking by students is also forbidden on field trips and at activities sponsored by other schools in which WVHS students participate officially. Use or possession of tobacco will result in a 1 day of Out-of-school suspension for the 1st

offense. The 2nd offense and beyond will result in Out-of-school suspensions corresponding with the number of infractions. (Example: 2nd offense will result in a 2 day Out-of-school suspension. 3rd

SMOKING (BP 710.12; 715.01) CONT.

offense will result in a 3 day out-of-school suspension.) These consequences may be reduced by participation in an education/cessation program. Current city ordinances and state law will be strictly enforced by school officials. A referral to the School Resource Officer will be made. Confiscated tobacco products may be picked up by parents within 24 hours.

CELLULAR TELEPHONES & ELECTRONIC SIGNALING DEVICES (BP 710.20)

Cellular Telephones

While in school or on school property, students may possess cellular radio telecommunication devices, including cellular telephones, only in accordance with the following requirements:

1. Cellular radio telecommunication devices may be used before and after school only.
2. During the school day, cellular radio telecommunication devices must be turned off at all times. Programming such devices to vibrate rather than ring does not fulfill the "off" requirement; cellular radio telecommunication devices must be stored away and not in the view of the public. If your cellular radio telecommunication device is in view of the general public, you will be asked to take the device to a Dean and your parents will be asked to pick it up from the Dean's Office.
3. Cellular radio telecommunication devices may not be used to conduct any activities which violate Board policy, school rules, state law or federal law.
4. Cellular radio telecommunication devices may not be used in any manner, which interferes with, or is disruptive to educational or extracurricular activities or events. Notwithstanding the rules set forth above, cellular radio telecommunication devices may be used at any time to respond to or report an emergency situation. Violations of this policy may result in disciplinary action, including suspension and/or expulsion.
5. Cell phones cannot be used as a camera. Cell phones are not allowed in locker rooms or bathrooms.
6. If you bring a cell phone to school you are responsible for it. The school is not responsible for it if it's lost or stolen. We will not put a high priority on investigating theft of this item.

Telephone Usage (BP 710.20)

Students are strongly discouraged from making personal phone calls during the school day. Parents needing to contact their son/daughter for **emergency purposes only**, should call the main switchboard at 375-3300 for the Green Campus and 375-3100 for the Gold Campus.

Electronic Devices

In an effort to maintain an appropriate and safe atmosphere at Waubonsie Valley High School, students are not permitted to use or possess ipods, MP3 players, CD players, radios, Nintendo, PSP, or any other portable game systems or electronic devices at anytime during the school day, except during the students' lunch/option period. Waubonsie Valley strongly discourages students to bring any of these items to school and is not responsible for these items in any way. However, if students choose to bring these devices they must keep them in their assigned academic lockers during the school day, except during the students' lunch/option period. Use or possession of these devices during the school day, except during the students' lunch/option period, may result in a written referral and confiscation of the item. If a student has an electronic device confiscated, he/she may retrieve the item from the

Deans' Office after school on Fridays only. **DISCIPLINARY ACTION:** Warning through suspension.

DISOBEDIENCE and INFRACTIONS INVOLVING MISCONDUCT (BP 710.01; 715.01)

Acts of disobedience are failures to comply with school regulations. Disciplinary action for students guilty of infractions involving disobedience includes anything from an official warning up to suspension from school. Acts of misconduct encompass breaking the laws of society or engaging in acts which are harmful to persons or property or to the order of the school community. Disciplinary sanctions for students guilty of infractions involving misconduct include anything from an official warning to suspension to a recommendation for expulsion from school. In disciplinary cases in which a student is removed from a classroom for a day or longer, the district affords a due process procedure. Due process ensures that the student is informed of the charges and is given the right to respond. Any request for appeal of a disciplinary suspension of ten (10) days or less shall not delay the implementation of the suspension. However, if the suspension is overruled or modified upon review, the student will be permitted to make up work for any school days for which a suspension is vacated, and disciplinary records will be removed from or revised in the student record, as necessary, to reflect the result of any review. An out of school suspension from school is also a suspension from all athletic and activity practices and events; suspended students are not allowed on school property during the period of suspension.

All class work missed may be requested through the guidance office and must be turned in within 48 hours of the end of the suspension.

Suspensions of five days or more may require a re-entry meeting between the parents/guardians, student, dean, and other staff as needed before the student may be readmitted to classes. Re-entry meetings may be required for other suspensions at the discretion of the dean.

Examples of particular acts of disobedience and disciplinary actions include the following:

(BP 710.01; 715.01)

ATTENDANCE CENTER POLICY

District 204 reserves the right to assign a student to a school attendance center, for the school year or temporarily until further notice, in the best interests of the school district.

ATTENDANCE (BP 710.01)

Common sense, as well as research, tells us that regular daily attendance is important to student success. While it is true that some students may be able to pass tests and even get good grades on them despite absences, tests are only one measurement of what is learned at school. **In order to meet state and district standards for graduation, regular attendance is required; therefore, only the school has the authority to determine whether an absence is "excused" or "unexcused".** For these reasons certain procedures are established to regulate attendance.

When a student is absent from school, his parent/guardian must call the **Attendance Office Green Campus (375-3303)** and **Attendance Office Gold Campus (375-3110 for an ALL DAY absence or 375-3107 for LATE arrival or EARLY dismissal)** between 7:10 a.m. and 10:00 a.m. on the day of the absence. Otherwise the student will be considered truant and subject to disciplinary action. Any

deviation from this policy must be discussed in person with the Dean and is the parent's responsibility.

After 48 hours, an unresolved absence becomes classified as unexcused.

If a student must leave school before the end of the school day, he/she must first secure permission to leave from the Attendance Office or face disciplinary action.

From time to time, we will have special schedules for such things as state/district testing, assemblies and special programs. All students are expected to be in attendance on these days. Please support the educational process by not making appointments with dentists/doctors during the school day. Students who have early dismissal, late arrival, or who are on a work program will be dismissed after the completion of the usual period and not at the usual clock time. It is the student's responsibility to notify his supervisor ahead of time of this priority obligation to the school.

During the final exam week at the end of each semester, students are required to attend all class periods. The state requires that we operate a full day of attendance, excluding lunch periods, to qualify for Average Day Attendance reimbursement. **WVHS has a Closed Campus Policy that does not allow students to leave and then to return to school for exam periods only.**

Students will not be excused to leave campus unless they have a note indicating the time and reason for absence before leaving school which must be turned into the attendance office at least 2 days prior to the 1st day of final exams. **The Attendance Office will not take phone calls on the day of finals excusing a student for an early dismissal or late arrival. Early Dismissals or Late Arrivals called in on the "day of" will be marked unexcused until a verified physician's note has been turned in to the Attendance Office.**

"Ditch Day" - Waubonsie Valley **does not sanction** a "Ditch Day" for seniors or any other students. Students who participate in this type of activity will be considered truant from school and will face disciplinary action.

DEFINITION OF ATTENDANCE TERMS

1. **Pre-Arranged Absence** - When parents know in advance that their student will be absent, they must call the attendance office at least two days in advance. For our records, the student must bring in a written request, and a prearranged absence form must be completed.
2. **Reported Absence** - Reported absences include illness, medical visits, college visits, and court dates. If you are going to miss school because of a religious observance, contact your dean so the absence will be coded correctly.
3. **Unexcused Absences** - Unexcused absences include, but are not limited to, oversleeping, working, missing the bus, car trouble, shopping, traffic, alarm clock problems, arriving to class more than 3 minutes late, etc. After 48 hours, an unresolved absence becomes classified as unexcused.
4. **Unaccounted Absences/ Cuts** - These are absences without leave, not sanctioned by the school or by parents.
5. **Withdrawal for Nonattendance** - Students who are intentionally absent from a class (i.e. cut) three times per semester will normally be withdrawn from that class for nonattendance and receive a failing grade for the semester. This will also apply to students whose total absences exceed the level at which credit may be earned.

6. Late Arrival/Early Dismissal - Students who arrive late or leave early must show their ID card upon entering or leaving the building. Students may not loiter in the parking lot before or after their school day.

WHEN A STUDENT IS MARKED ABSENT FROM A CLASS OR STUDY HALL

The deans' office will send home a form that indicates the period(s) that the student is absent and will call home to make the parent aware of the period absence(s). The form is a sheet that the student can use to resolve an incorrectly marked absence. If the absence is unexcused, the student can receive one of two consequences. First, the teacher can choose to give the student a zero for that day's activities. Second, the teacher can choose to write a referral at which time the Dean will issue an appropriate response. Once a student has accumulated three unexcused absences for a class in a semester, the student can be dropped from the class with a failing grade. Once a student has accumulated twelve total absences (excused or unexcused) for a class in a semester, the student can be dropped from the class with a failing grade.

INTERVENTION FOR UNEXCUSED NONATTENDANCE AND CUTS (BP 710.01)

Cutting class or unexcused absences are not tolerated and may result being withdrawn from classes with a failing grade. It is the student's responsibility to clear up any unexcused absences or cuts with the teacher.

Unexcused absences or cuts in all classes:

1st unexcused/cut	Personal teacher contact with student, parent, and department chairperson; Referral to dean; Loss of class credit for day.
2nd unexcused/cut	Personal dean contact with teacher, student, parent and department chairperson and dean; Referral to dean; Loss of class credit for day.
3rd unexcused/cut	Personal dean contact with teacher, student, parent, and department chairperson and dean; Referral to dean; Possible withdrawal from class with failing grade, or attendance contract.

INTERVENTIONS FOR EXCUSED NONATTENDANCE

Students and their parents may be contacted by the school at the following accumulated absence intervals when the absences occur early in the semester:

6 Absences	Personal teacher contact with student, parent, and department chairperson; Referral to dean. A letter of confirmation may be sent home.
9 Absences	Personal teacher contact with student, parent, teacher, department chairperson or dean; Referral to a dean. A letter of confirmation may be sent home.
12 Absences	Personal teacher contact with student, parent, department chairperson, or dean; Referral to dean. The following options may be considered: a. an attendance contract; b. other appropriate interventions; or c. withdrawal from the course with a failing grade.

A student who has accumulated three unexcused absences or twelve excused absences may be dropped from class. If an absence is unaccounted for, the student must go to the Attendance Office to clear the absence. These absence limits apply per semester. All absences, excused, unexcused, and vacations will be accumulated and used in reporting total student absences. Sanctioned school

absences such as field trips, participation in athletic and club events, and student conferences with counselors and other faculty, suspensions and other administrative absences will not be accumulated.

DOCTOR AND DENTAL APPOINTMENTS (BP 710.01)

The school discourages absences for doctor and dental appointments during the school day and encourages parents to make such appointments after school and/or on weekends. The school administrators will gladly provide a letter for your doctor confirming our policy. **Any absences due to doctor or dental appointments, must be confirmed by a note from the doctor or dentist.** These absences will be used in reporting total student absences.

MAKE-UP WORK (BP 710.01)

When a student is absent from school for excused absences or suspension, he/she is allowed to make up the work he/she has missed. Make up policies differ somewhat from department to department, but generally the student is to contact his/her teachers promptly and make up the work quickly. This is the student's responsibility. Parents and students are encouraged to e-mail or call teachers if make-up work is wanted/needed. If a student is on an extended absence of more than 3 days due to illness, he/she or his/her parents may call the **Guidance Office** to request assignments from teachers. Anticipate that it will take the school 48 hours to solicit, write up, and collect these assignments. If a student is absent because of an unexcused absence, he or she is not permitted make up missed work. If a student is suspended, all make-up work must be turned in within 48 hours of the student's return to school.

PERMISSION TO LEAVE CAMPUS (BP 710.01)

There are rare occasions when students must leave school during the school day. When such a time arises, students must secure a pass and sign out/sign in at the **Attendance Office**. In order to get this pass, a parent must be contacted. Passes are not issued for lunch, shopping, and other such reasons. Students are not to go to their cars during the school day.

P. E. EXCUSES (BP 710.01)

If a student needs to be excused from P.E., the excused absence needs to come from the nurse's office. In conjunction with the parents, the nurse may excuse the student for no more than three days. If the student will be out for more than three days, a "physician" order with the diagnosis, length of absence and specific restrictions must be given to the school. This information may be faxed to the nurse with parent permission. The nurse may need to clarify physician orders.

VACATIONS (BP 710.01)

The school discourages parents from taking students on vacations during the school year. Absences during final exam periods are to be avoided at all costs. If unusual circumstances necessitate absence from school for four or more days, a "planned absence" form is required. Students must get signatures from all assigned teachers and have approval prior to missing school. This form is available in the attendance office. Completed forms are to be returned to the attendance office. Such absences count toward the maximum allowable non-attendance days in a course. If you choose to participate in a sport or activity, be aware that you may not be able to stay on the team or in the activity if you take a vacation during the season. **See your coach or sponsor.**

WORK PERMITS

If you are a student under the age of 16, **HAVE BEEN OFFERED A JOB** and need a work permit, you can request a work permit application form from **Mrs. Schaible**, in the Main Office of the **Green Campus** or **Mrs. Harper**, in the Main Office of the **Gold Campus**. Return completed form with a copy of your birth certificate to Mrs. Schaible before school and to Mrs. Harper during your lunch.

DRIVER EDUCATION POLICY

DRIVER EDUCATION ATTENDANCE

When your teenager is enrolled in Driver Education at Waubonsie Valley High School, State Law (Section 252.20 of the Illinois Administrative Code) mandates successful completion of 30 hours of classroom instruction. In order to fulfill this mandate, all absences, excused or unexcused, must be made up prior to the end of the semester. Any absence not made up will generally result in an "F" for the semester. **This is important because five absences in Driver Education are equivalent to being absent two and one half weeks in an academic class.** Due to time constraints during the school day, all make-up periods will only be offered before or after school. The Driver Education staff has volunteered their time in order for your teenager to fulfill this requirement.

DRIVER EDUCATION/PERMITS

Below is the format to assist in issuing early "waiver" permits for students who will be 16 years old by the dates listed and unable to enroll in Driver Education at WVHS because of the birthdate cut-off. Students will be required to attend two meetings in order to complete an application for the permit, take and pass a vision test, and take and pass a rules of the road test. There is a \$20.00 Secretary of State fee for the permit. The lab fee for Driver Education is \$200.00 and applies to the driving phase.

Group #1 — You will turn 16 on or before March 31st, 2008. Your meetings will be on September 18th and 25th, 2007. Meetings will be at 7:00 p.m. in Room 111 at the Green Campus.

Group #2 — You will turn 16 on or before July 31st, 2008. Your meetings will be on January 22nd and 29th, 2008. Meetings will be at 7:00 p.m. in Room 111 at the Green Campus.

Group #3 — You will turn 16 on or before October 31st, 2008. Your meetings will be on April 15th and 22nd, 2008. Meetings will be at 7:00 p.m. in Room 111 at the Green Campus.

*Attendance at both meetings is **MANDATORY**.

SCHOOL WIDE TARDY POLICY (BP 710.01)

Punctuality:

- a. All students are expected to be in the classroom before the bell rings.
- b. After the bell rings, teachers will close (therefore locking) their doors. Late students who are left outside the door will be assessed a tardy and let into class.

Tardiness causes a disruption to the educational process and is not tolerated. Teachers are responsible to make their tardy policies and consequences known to their students. If a student is tardy to class, he owes the teacher an explanation. If he does not have a valid pass from a staff member, the tardy will be considered unexcused. Any unexcused tardy to a class which exceeds **three** minutes will be considered an unexcused absence to class and will result in a referral to the deans' office. The student will then receive consequences for an unexcused absence. Students who are chronically tardy, whether they are tardy to first period or to other classes, may have their parking stickers revoked.

Teacher Detentions:

1. On the 3rd tardy students will receive a teacher/departmental detention.
2. Detentions will be 30 minutes long.
3. The detention must be served on the ensuing Tuesday or Thursday following the date the detention was issued. Tuesday detentions will be after school starting at 2:35 p.m., and the Thursday detentions will be in the morning starting at 6:45 a.m.

4. Each department will assign and identify the location for detentions.

Rules for Detention Room:

1. No food or drink.
2. No talking.
3. Students must do work. If students do not bring work to detention, work may be assigned by the teacher.
4. Students unable to follow these guidelines will be dismissed from the detention room, and therefore must make up the detention at the next scheduled detention date.

Missed Detentions:

1. Students must sign in when they arrive. If students fail to sign in, it will be deemed as a failure to serve the detention and they will have to serve the detention over.
2. Students cannot be late for the detention. The supervising staff member will close the door at the scheduled time. If students arrive late, the students will have to serve the detention at the next detention date, and will receive one additional detention.
3. If students do not show up to a detention, the students must serve the detention on the next scheduled detention date plus serve an additional detention. If students do not show up on the next scheduled date, a referral will be sent to the Dean.

Additional Tardies:

On the 4th tardy, a referral will be sent to the Deans' Office for each additional tardy.

ASSEMBLIES (BP 710.01)

From time to time, special assemblies are scheduled for the student body. For most, but not all of these assemblies, we offer an alternative activity for students. There will be some assemblies in which all students will benefit, therefore, we ask parents not to call the school to have their students miss assemblies as these will not be considered excused absences. We reserve the right to require written verification for absences for medical reasons on assembly days.

BUSES (BP 710.09)

Student behavior and the bus driver's management of that behavior are two key elements to safe and enjoyable bus rides. The installation and utilization of video cameras on school buses are aimed at improving student behavior on the bus by recording the behavior of the students and the bus driver's

method of student management. Buses will be equipped with a special box, which is installed in the front. Inside the box, a video camera can be stored.

BUSES (BP 710.09) CONT.

Once a video is completed, the tape may be reviewed by appropriate District #204 staff. Students are expected to follow all school rules on the bus. **Students MUST ride the bus to which they are assigned.** Permission must be obtained from a Dean to ride a bus other than the assigned one. Safety is a major factor and if a student endangers others by his/her behavior, the student may be subject to the normal range of detention consequences and removed from the bus for up to 10 days leading to a possible expulsion from the bus.

90-81	B	Demonstrates above average progress
80-71	C	Demonstrates average progress
70-65	D	Demonstrates minimally acceptable progress
64-0	F	Demonstrates unacceptable progress

Teachers should use frequent and ongoing evaluation in determining grades. Components of these grades will reflect numerous and varied age-appropriate opportunities for students to succeed and demonstrate knowledge of subject matter. Various components may include but are not limited to the following: punctuality, participation, discussion, homework, cooperative projects, quizzes and tests, note taking, performance evaluations, in-class assignments, and special projects. **Report cards** are mailed every nine weeks as determined by the official school district calendar. Progress reports are issued at the midpoint of each quarter and should reflect student performance to date. Any student receiving a "D" or lower should receive a progress report.

HEALTH INFORMATION

The school district follows the guidelines developed by the county health department in regards to infectious diseases that are communicable to a large number of students. Please check with the nurse regarding specific infections and the guidelines to be followed. This may include but is not limited to: Measles, chicken pox, meningitis, mononucleosis, etc. **In general, if a student has a temperature of 100 degrees or greater, he/she should be kept at home.** Pink Eye, or Conjunctivitis, is seen frequently in the school setting. If this is suspected while the student is in school, the student will be sent home and must be seen by a doctor. The student may return after they have been on the medication for 24 hours.

HONESTY POLICY (BP 710.01)

Belief Statement – We believe that learning best occurs in an atmosphere of academic honesty in which students have developed a high sense of responsibility and exhibit a high standard of integrity. This is accomplished through the cooperative efforts of students, parents/guardians, and teachers. Although there is a pressure to excel placed on students by the society in which we live, we will not tolerate nor condone academic dishonesty.

Students – It is expected that students will conduct themselves according to the school rules prohibiting cheating and will perform in a manner that reflects their knowledge and acceptance of these rules.

Parents/Guardians – As partners in the educational process, parents/guardians must support the ethical value of honesty and the enforcement of the school’s policies on cheating so that an honest school environment is maintained.

Teachers – Teachers are expected to perform their instructional responsibilities in such a manner as to minimize the potential for dishonesty and by being fair and consistent in the implementation of consequences for cheating.

Definition of Cheating/Academic Dishonesty

Cheating occurs when a student obtains, or assists others in obtaining, credit for work that is not his/her own whether it is accessed verbally, in writing, graphically, or electronically. Examples of cheating/academic dishonesty include, but are not limited to, the following:

1. Copying from another student’s test, helping another student during a test, or providing other students with information regarding a test
2. Submitting another person’s work as one’s own

3. Stealing copies of tests or answer keys
4. Copying, or allowing another student to copy, a homework assignment, test, quiz, project, book report, or take-home test
5. Plagiarizing or presenting material taken from another source, including the Internet or computer files, and translation programs without appropriate documentation (Plagiarism is defined as 9 or more consecutive words taken from another source without documentation.)
6. Changing answers on a test, assignment, project, etc. after grading
7. Changing grades in a grade book or altering a computer grading program**
8. Using an electronic device in a manner not specified by the teacher (e.g., storing answers or equations)
9. Misrepresenting records for hands-on activities such as physical fitness testing
10. Using unapproved written materials (i.e. "crib sheets," "cheat sheets," etc.)

"Cooperative learning" is a recognized instructional practice. When this practice is acceptable to the teacher for a project or assignment, the teacher must clearly explain this expectation to the students. If not clearly delineated as approved, the copying of homework, papers, tests, quizzes, reports, etc. will be considered episodes of cheating.

Consequences of Cheating/Academic Dishonesty

Cheating on homework or quizzes

For all assignments/tests/projects:

1st Offense: 0% on the assignment/test/project and contact parent/guardian, guidance counselor and department chair regarding the incident to communicate potential further consequences for a repeat offense;

2nd Offense: 0% for the assignment/test/project, Failure for the semester, withdrawal from the course and contact parent/guardian, guidance counselor and department chair.

Cheating on the final exam (or paper/project equivalent)

1st Offense: Failure (0%) on exam; immediate parent/guardian contact by teacher

If a student profits from assisting another student (i.e. stealing tests and selling them, doing homework or writing papers for money) that student will receive an F for the semester in the affected class.

****Possible legal, criminal, and disciplinary action may follow.**

INTEGRATED PEST MANAGEMENT

Public Acts 91-0099 and 91-0525 mandate Integrated Pest Management (IPM) for Illinois public schools. IPM manages pest damage with the least possible hazard to people, property and the environment; including careful use of pesticides such as insecticides, herbicides, rodenticides, and fungicides. Integrated Pest Management also requires that parents/guardians have prior notice of pesticide application. In order to provide timely information to parents or guardians who would like to be notified about these pesticide applications, the School District develops a registry each year. Forms will be available at each school.

INTERNET ACCESS Indian Prairie Community Unit School District 204 #645

The global electronic community, commonly referred to as the "Information Superhighway" or the "Internet," is a very valuable resource for education.

The Internet, (including, but not limited to, internet web sites, pages, files, e-mail, on-line services, and bulletin board systems) provides access to a vast array of resources, which can be used to support the curriculum by facilitating resource sharing, innovation, and communication.

Therefore, the Board's goal is to include these Internet resources in the District's instructional program, where appropriate, to increase learning and improve instruction. To this end, the Superintendent or his/her designee will develop an implementation plan for this policy, which will include administrative procedures for staff and student use of the Internet.

Internet use is a privilege, not a right, and therefore can be suspended or revoked. All use of the District's connection to the Internet must be in support of education and/or research, be consistent with the educational objectives, policies, rules, and regulations of the Board, and be in compliance with and subject to District and building discipline codes.

Teachers may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum. However, such Internet use must be consistent with the curriculum adopted by the District, as well as with the varied instructional needs, learning styles, abilities, and developmental levels of the students. Also, the selection of materials, sites, services, bulletin board systems, etc., from the Internet must comply with the Board's selection policy for instructional materials and library-media-center materials.

Further, the Internet may be used in a variety of formats, including, but not limited to: e-mail; teacher-selected material in a prescriptive setting; and "live" Internet interaction, in which material is not pre-selected.

In order to make the best, most appropriate use of the Internet, each teacher must complete a District training program (or its equivalent) and sign the District's Agreement for Internet Access as a condition of using the District's Internet connection and thereby becoming a "trained teacher".

A teacher may not use a live connection with students nor authorize such connections until his/her training is completed and the Agreement is signed. The Board will direct the Superintendent or his/her designee to establish the training program and schedule.

For purposes of this policy, individual Board members and all District 204 staff, employees and contractors having Internet access, or using the Internet, will be subject to the same rules of conduct, behavior and communications as teachers, will be required to abide by the terms contained herein, and will be required to sign a Teacher Agreement for Internet Access.

Students may not make a live Internet connection without specific authorization from a trained teacher; in any event such live connections are subject to this policy. At the elementary and middle school levels, such live Internet connections must be under the direct supervision of a trained teacher; while at the high-school level, a trained teacher must be present. Parents/guardians who do not want their child to use the Internet at school, or participate in Internet activities, must contact the school office and complete a form notifying the District of the intent to opt-out of such use and activities. This opt-out statement will remain in effect as long as the child is enrolled at that school.

General rules for behavior and communications, as stated in the District's and schools' codes of conducts, apply when using the Internet, whether the electronic connection is made at school or remotely through school district network interfaces.

Breaches of the code of conduct during use of the Internet will be treated as though they occurred "live", that is, within the school. The failure of any student or teacher to follow the terms of this policy or its administrative procedures, rules, or regulations will result in the loss of Internet privileges, disciplinary action, and/or appropriate legal action.

However, due process will be given, commensurate with the seriousness of the offense. The District's Teacher Agreement for Internet Access contains the appropriate uses, ethics, and protocol for the Internet.

Electronic communications and downloaded material may be monitored, read, edited, or traced by school officials. In accordance with the requirements of the Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (Neighborhood Act), the District will monitor the online activities of minors (individuals under the age of 17), and operate a technology protection measure (filtering), with respect to any of its computers with Internet access, that blocks or filters Internet access to visual depictions that are obscene (as that term is defined in Section 1460 of Title 18, United States Code), child pornography (as that term is defined in Section 2256 of Title 18, United States Code), or -- Indian Prairie Community Unit School District 204 645 with respect to use of computers with Internet access by minors -- harmful to minors.

For purposes of this policy, "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

- (a) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- (b) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact (as those terms are defined in Section 2246 of Title 18, United States Code), actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (c) taken as a whole, lacks serious literary, artistic, political or scientific value to minors.

The District will enforce the operation of the technology protection measure during any use of those computers by minors (individuals under the age of 17) and adults. However, an administrator, supervisor, or other person authorized by the District, may disable the technology protection measure concerned, during use by an adult, to enable access for bona fide research or other lawful purpose.

In carrying out these responsibilities, the District will ensure, through this policy and the administrative regulations related hereto:

- a. that minors are not provided with access to inappropriate matter on the Internet and World Wide Web. Determinations regarding what matter is inappropriate for minors will be made by the Board, using criteria it deems appropriate;
- b. the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;
- c. that minors are prevented from gaining unauthorized access, including so-called hacking, and
- d. other unlawful activities, while online;
- e. that there is no unauthorized disclosure, use or dissemination of personal identification information regarding minors; and
- f. Indian Prairie Community Unit School District 204 645 the use of appropriate measures designed to restrict minors' access to materials harmful to minors.

The District is not responsible for any information that may be lost, damaged, or unavailable when using the network, or for any information that is retrieved via the Internet.

Though the District does provide and operate a technology protection measure (filtering), with respect to any of its computers with Internet access, it does not guarantee that all objectionable material will be restricted. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Users of School District 204 e-mail services are expressly required not to make defamatory statements and not to infringe or authorize any infringement of copyright or any other legal right by e-mail communications. Any such communication is contrary to District policy and outside the scope of the employment of the individual concerned. District 204 will not accept any liability with respect to such communication, and the employee responsible will be personally liable for any damages or other resulting liability.

Employees who receive such an e-mail must notify their supervisor immediately. LOCKERS (BP 710.01)

All students will receive locker assignments during the first day of school. Since lockers are for the safety and convenience of students, it is important to keep your locker locked (after the door is closed, spin the dial). **KEEP THE LOCK COMBINATION PRIVATE AND USE ONLY YOUR ASSIGNED LOCKER. STUDENTS ARE NOT PERMITTED TO MAKE UNAUTHORIZED MOVES INTO ANOTHER STUDENT'S LOCKER.** There will be a \$5.00 service fee for changing locker combinations. All students should inspect their lockers at the beginning of the school year for any damage or cleaning that might be needed. Report any trouble with your locker to the Deans' Office. Defacing of lockers is not permitted. Students will be assessed a monetary fine, to be determined by school personnel, if lockers are found to be damaged or defaced in any way.

LOCKERS (BP 710.01)CONT.

Routine locker inspections will be conducted. Each student has the responsibility to clean out and remove locker contents at the end of the school year. The locker and its contents are subject to search by school officials, especially if there is reason to suspect that unauthorized materials (example: drugs, alcohol, stolen property, etc.) are being housed in the locker. **Since the school cannot assume liability for any lost or stolen property, students are cautioned to keep their possessions under lock at all times. Students are discouraged from bringing valuables and large sums of money to school.** *Student athletes* must remove locks and personal items from the athletic locker room at the conclusion of *each* athletic season. **FAILURE** to do so may result in the removal of lock and personal belongings by school personnel.

Acceptable Practices:

1. Attachment of acceptable personal property to lockers, on the interior or exterior, shall be limited to taped items only.
 - Exterior - One day notices of celebration, such as birthdays or extracurricular activities
 - Interior - Magnetized mirrors, note pads, appropriate pictures affixed by scotch tape

Unacceptable Practices:

1. Use of glues as an adhesive
2. Pencil, pen, ink, marker, paint, nail polish, etc. markings on the interior or exterior
3. Attachment of gum to the locker
4. Adhesive backed stamps, posters, stickers

NOTE: ALL STUDENT'S LOCKERS ARE THE PROPERTY OF INDIAN PRAIRIE SCHOOL DISTRICT #204 AND ARE ACCESSIBLE TO SCHOOL AUTHORITIES AT ANY TIME.

Periodic general inspections of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant.

LOST AND FOUND

Books and notebooks will be given to the attendance office and may be claimed there. Inquire about items of value (i.e. gold or silver jewelry, wallets, purses, cash, leather jackets) should be inquired about in the dean's office. Cash and jewelry deemed valuable will be kept in the safe.

MEDICATION (BP 710.01)

Administration of medication by District personnel or by the student: Contact the nurse for these procedures.

NO TRESPASS LETTERS

If a student is considered to be disruptive, his or her access to school activities and school property will be limited to the school day by being issued from the Dean or Administration Office a No Trespassing Letter. If students do not comply to the No Trespassing Letter they will be suspended for insubordination and may be arrested.

OPTIONAL RESOURCE AREAS

A full period is available for lunch/resource options. Generally speaking, students have 30 minutes for lunch with limited resource options for the remainder of the period. The benefits include a more leisurely paced lunch and/or the ability to choose where to spend one's time among options such as the library, the gym foyer, and the cafeteria. Students are expected to use these options reasonably and not disturb the school community. The area adjacent to the cafeteria provides for student mobility to the library, and resource areas. We will first warn, then restrict the student's mobility if it is abused, then apply consequences for subsequent abuses as detention, PM School, and suspension.

- **Science Resource**

The science resource room is available to students during lunch periods. Students may visit the resource room to receive help on assignments. Students may also visit the resource room if they need a concept explained or if they need some clarification on something they do not quite understand. Many times students visit the resource room in order to make up a test or quiz.

Taking a test or quiz in resource is helpful because students do not miss any class time.

- **Math Resource**

Math Resource is an area for students to get individual tutoring during their lunch or study hall periods. It is staffed by one of our certified math teachers who has a broad range of curricular experience. In addition, it is an area where students can go during their lunch or study hall period to make-up missed quizzes and/or tests without missing any more academic time.

- **Writing Center**

The Writing Center is a place where students can visit to get help on any type of writing, either assigned in class or for projects outside of school. Certified English teachers and peer coaches are in the Writing Center to help students on any stage of the writing process: prewriting, drafting, revising, editing, and/or publishing. These coaches do *not* do the work for the students; they will, however, help the student learn to improve their own compositions through questions, discussion, and modeling. The atmosphere in the Writing Center is friendly and encouraging and students can receive immediate, one-on-one feedback on any type of writing like English compositions, college letters of application, job applications, and writing assignments for classes in other subject areas.

- **Social Studies Resource**

The science resource room is available to students during lunch periods. Students may visit the resource room to receive help on assignments. Students may also visit the resource room if they need a concept explained or if they need some clarification on something they do not quite understand. Many times students visit the resource room in order to make up a test or quiz. Taking a test or quiz in resource is helpful because students do not miss any class time.

PARKING (BP 710.01)

Parking space at Waubonsie Valley High School is limited and is a privilege. Vehicles without valid parking stickers or those illegally parked will be towed at the owners' expense. Rules and criteria for parking permits are printed on the application. Stickers must be displayed as indicated on the application. Applications for permits may be obtained from the deans' office. Noncompliance with parking rules/regulations and truancy will result in loss of parking privileges and/or towing of the vehicle you are driving at your own expense. School authorities have the right to check/search vehicles on school property if there is reasonable suspicion of violation of school rules/regulations.

School District 204 provides bus transportation for all students who meet the state distance guidelines. Limited automobile parking for students (approx. 500 spaces) is provided as a convenience.

Parking is a privilege, not a right. As our enrollment grows, there is increasing competition for a fixed number of parking spaces. For that reason WVHS will only issue parking permits to seniors and students enrolled in school sponsored work study courses. Spaces cannot be held for late arrival.

1. The priority of issued student parking permits is as follows:
 - Seniors
 - Students enrolled in WV's work-study courses
2. Parking for seniors will be on a first-come basis. Students may only park in spaces designated for students. Having a parking permit is not a guarantee that a space will be available; rather, it is a permit to use student parking if space is available. If no space is available, students must find alternate, off-campus parking.
3. A parking permit may NOT be transferred to another student, including a sibling, - to do so is to use school property without permission, and is subject to discipline sanctions for misuse/theft of school property.

4. Parking permits will be decal-type and must be permanently affixed and displayed in the driver-side rear window.
5. Each student must show a VALID driver's license and proof of insurance to pick up his/her sticker. The school is not responsible for the automobile or its contents.
6. The privilege to park will be suspended or revoked for inappropriate conduct such as reckless driving, loitering in the parking lot, excessive tardies to school, excessive unexcused absences, or other serious offenses related to the use of the vehicle.
7. A permit may be revoked if the driver cuts a class or study hall and enters the vehicle or uses it to leave school.
8. Smoking is also prohibited in vehicles at school. Students are not to smoke in or around the vehicle after it enters our campus.
9. Students must heed "no parking" areas. These are posted or marked and include fire lanes, the faculty areas, visitor parking, and special permit parking. Cars parked with or without a permit outside designated student spaces, or illegally, are subject to immediate towing.
10. Students will obey all traffic laws as if they were driving on a public roadway. Failure to do so may result in revocation of parking privilege.
11. The parking permit fee is \$150.00 for the school year. Students will need a permit to park starting the first day of school. Student and parent signatures on the application indicate acceptance of these regulations.
12. We may issue temporary permits to accommodate emergencies or special situations. It is the student's responsibility to request a temporary permit in advance and to explain fully the justification to the dean. **ONLY STUDENTS WHO CURRENTLY HOLD A PARKING PERMIT WILL BE ALLOWED TO OBTAIN A TEMPORARY PARKING PERMIT.** In addition, attention will be given to medical considerations.
13. Students must purchase a new sticker for \$5.00 if they wish to register a new car. Students may only **register ONE** car.
14. Waubonsie Valley High School is a self-park facility. Any car at this facility is parked at the owner's risk. The owner alone is responsible for parking and locking her/his car. WVHS is not responsible, nor does it assume any liability, for any damage caused by fire, theft, casualty or any other cause whatsoever with respect to any car (or its contents) parked at Waubonsie Valley High School.
15. **ALL** vehicles will be required to comply with the above mentioned rules/regulations at all times. **FAILURE TO COMPLY WITH THE AFOREMENTIONED RULES WILL RESULT IN IMMEDIATE TOWING FROM WVHS PROPERTY. WAUBONSIE VALLEY RESERVES THE RIGHT TO TOW ANY ILLEGALLY PARKED VEHICLE FROM IT'S PROPERTY WITHOUT NOTIFYING THE DRIVER OR OWNER.**

PERMANENT RECORDS

Students' permanent records will be kept for sixty years after graduation. Temporary records will be destroyed **five years** after graduation date. Students and parents may inspect, copy, and if need be, challenge the records that are in temporary and permanent files, before they are sent to a new school or destroyed.

SCHOOL RESOURCE OFFICER

As an officer in the Aurora Police Department, the school resource officer will work to establish a positive working relationship between the police department and the school community. The goal of the School Resource Officer (SRO) is to assist in the maintenance of a safe and secure school environment which would allow for the educational process to occur in a natural and uninhibited manner. The officer shall be involved in law enforcement duties, educational programming, and counseling as situations dictate. It is a major focus of the program that the SRO becomes and acts as a part of the school's community in addition to being a member of the police department.

SECURITY CAMERAS (BP 470)

Additional security, in the form of cameras, monitors, and play back tapes have been added to the WVHS campus. These security tools will be used responsibly for the protection of all students, parents, staff, and community members.

SEARCHES

Failure to comply with a search request by the Dean will result in a 3 - 10 day suspension.

STUDENT IDENTIFICATION CARDS (BP 710.01)

Student identification cards are the property of the high school and must be carried with you at all times in school and at all school events such as games and dances. You will need this ID card to enter lunch option areas, to board the bus, to check out library books, to attend school sponsored events, and to participate in school elections. On certain occasions, a school official may ask you to show or surrender your ID card. When asked to do so, you must comply. Students who do not conform with expectations regarding ID cards will be subject to sanctions. Each student will be issued a new ID card at the beginning of each school year. Take good care of it! If you need to replace your ID, **the replacement fee is \$5.** That does not include the replacement cost of an activity sticker. That cost is determined by the administration.

TECHNOLOGY (BP 715.01)

Indian Prairie School District 204 with the support of our community, has provided tremendous support for students to use technology. All students are asked to sign an Acceptable Use Policy defining acceptable use of the Internet and technology in general. The essence of the policy is that the students will use the technology to enhance their education based on our curriculum. Infractions of the policy will be categorized as disobedience or infractions involving misconduct and will involve consequences ranging from loss of privileges, through restitution, through expulsion and/or arrest. The administrator reserves the right to remove any non-approved file or software without notice from the network.

VISITORS (BP 710.01)

All visitors must report to the office upon entering the building. The school realizes that you might like to bring your friends from other schools to visit WVHS. However, student visitors often interfere with the educational process and distract you, fellow students, and teachers. For that reason, we will not approve student visitors during the school day. The **only exception** may be students who graduated from WVHS and who have made prior arrangements with an **assistant principal** 48 hours in advance of the visitation. Forms for visitors that meet that specific criteria can be found in the main office.

WITHDRAWAL from a COURSE

Both high schools encourage students to complete courses, which they start. However, in the event a student wishes to withdraw from a course, the following guidelines will be used. During the first 12 days of the semester, students may drop a class & be placed in a study hall with a parent's permission. From the 13th day through the 12th week, both the parent and teacher's permission is required. The teacher determines whether the student will drop without penalty or receive a failing grade. From the 13th week through the end of the semester, withdrawals are recorded as a failing grade in the course for the semester. Students who exceed the absence limit may forfeit credit and be withdrawn, with a failing grade, for non-attendance.

ACTIVITY PENALTIES

SCHOOL SUSPENSIONS

During out-of-school suspensions, no practices or contests are allowed. In addition, the student may not be in practice or a contest if that conflicts with an assigned school penalty (e.g. P.M. detention, Saturday School).

CRIMINAL ACTION

When the school has substantiated knowledge of a criminal offense or that a student has been charged with a criminal offense, he/she will immediately be temporarily suspended from participation in all extracurricular activities. The high school administration and Athletic/Activities Director(s) will consider duration of the suspension and reinstatement of the student to a program based upon a review of the information.

SUBSTANCE USE OR POSSESSION

Schools have a significant interest in discouraging the use of prohibited substances to provide a safe and healthy environment conducive to learning. It is considered a violation of the athletic and activity code if a student possesses, uses, distributes, or sells illegal drugs, look-a-like drugs, paraphernalia, controlled substances, or alcoholic beverages, and if a student attends a party or gathering where alcohol or drugs are being consumed. The following procedure will be used if a student who tries out or participates in athletics or activities is involved in an alcohol or drug-related situation.

Voluntary Admission / 1ST Offense: A student may admit that he/she violated the code provisions regarding drugs and alcohol only one time in his/her high school career. The voluntary admission to the coach/sponsor/athletic or activities director must occur within the first 24 hours following the rule violation.

The student may be required to attend an education program and/or the Athletic/Activities Director may suspend the student from one or more contests/events. Failure to follow the recommendation, may result in further suspension.

Voluntary admission is not applicable if authorities respond to a gathering where alcohol or drugs are present and report to school officials, if a ticket is issued for attendance at, consumption/possession or names appear in the newspapers.

1st Offense: The student will be suspended ***40% of athletic/activity scheduled competition.*** If the student completes an assessment program from a professional agency the suspension may be reduced ***to 20% of scheduled contests*** following the completion of the recommendations of the educational program/assessment, with documentation provided of completion of the program. During this suspension the student may practice but will not participate in contests/events. If the student does not complete the suspension or does not complete the assessment, the penalty will continue into the student's next activity. It is the responsibility of the student to provide the Athletic/Activities Director(s) with prompt evidence of the required assessment/evaluation ***recommended program before reinstatement of privilege.*** The student who does not obtain an assessment will be suspended for ***40% of season.*** During this suspension, the student will not practice or compete/participate.

2nd Offense: The student will be suspended for one calendar year from participating in all school activities. It is the responsibility of the student to provide the Athletic/Activity Director(s) with prompt evidence of the required assessment/evaluation prior to reinstatement of Athletic/Activity privileges.

3rd Offense: The student will not participate or attend any school activity or event for the rest of his/her high school years (i.e. sport events, dances, and prom) until submitting substantial evidence of rehabilitation to the Athletic/Activities Director(s) to seek reinstatement of activity privileges.

TOBACCO

It is a violation of this code to use or be in possession of tobacco or smokeless tobacco products.

1st Offense: The student will be suspended from 10% athletic/activity contests/events.

2nd Offense: The student will be suspended for **20% of scheduled contests**, which could result in the consequence being served over two seasons. The student will participate in all practices and attend contest during the time they are serving the consequence. It is the responsibility of the student to provide the Athletic/Activity Director(s) with evidence of completion of the required education program, **before reinstatement of privilege**.

3rd Offense: The student will be suspended for one calendar year from participating in all student athletic/activities. It is the responsibility of the student to provide the Athletic/Activity Director(s) with evidence of completion of the required education program.

4th Offense: The student will not participate in any school activity or events for the rest of his/her high school years (i.e. sport events, dances, and prom) until submitting substantial evidence of rehabilitation to the Athletic/Activities Director(s) to seek reinstatement of athletic/activity privileges.

HAZING/HARASSMENT/BULLYING

Hazing/harassment/bullying in any athletic/activity program or outside the program is unacceptable. Students involved in hazing/harassment/bullying may be suspended from athletic/activity contest/events or removed from their team. ***If a student is unsure of an appropriate behavior or practice, a building administrator can clarify.***

HEALTH AND SAFETY

1. All athletes **MUST** have on file a current physical exam certificate that will not expire within the season in order to practice or participate.
2. All athletes must show evidence of being covered by a health insurance plan. Students must show proof of insurance at registration by submitting their insurance company name and policy # or by enrolling in the school insurance plan.
3. If the Athletic/Activity Director has reasonable cause to believe a student's health condition may pose a risk to the student or others in the activity, he/she may require a more current certification of fitness to participate from a physician.

SCHOOL ATTENDANCE, MEDICAL EXCUSES and VACATIONS

1. Daily school attendance, no less than five (5) academic classes, is required for a student to participate in daily practice, contests or events. Exceptions can only be made by the Activity/Athletic Director(s). It will not be the practice for participants to purposely miss part of a school day. Documentation of medical appointments, college visits, court appearance, must be provided to the coach, Athletic/Activity Director(s) prior to participation of the practice, or contest/event.
2. Athletes who are medically excused from regular physical education classes may not participate in school activities, practices, or games without a doctor's release or a release from the school nurse. However, participation in athletics for such students may be limited by the school based on the safety judgment of the Athletic Director after consultation with the coach.
3. Participation in regular pre-season practices is important for the safety and health of students. Absence from such practices for vacations will be considered by the coach in restricting participation. However, absences due to illness will be considered in a different light and will be subject to individual review by the Athletic/Activity Director with advice from the head coach in perspective of what is best for the student participant and school.
4. Vacation absences during an activity or team season can result in **restricted participation** or release from the team/activity. See the individual coach/sponsor at the start of the sport/activity for details about absences.

FUNDRAISING

Indian Prairie School District 204 has revised its policy (Policy 730.10) on student participation in fundraising activities. In conjunction with the current fundraiser, we would like to inform you of the major points of that policy.

- Participation in or donation to any fundraising activity is always optional.
- Each fundraising activity may establish a suggested donation as an alternative to participation.
- Under no circumstances will any student be compelled to participate or donate, or penalized for not participating or donating.
- Door-to-door solicitation is not required by any fundraising activity and is discouraged.
- If you have any questions or concerns about a fundraising activity, please contact the sponsor, athletic director or the building administrators. Thank you for your continued support.

Sportsmanship Mission Statement

Good sportsmanship is the attitude and behavior that exemplifies positive support for the interscholastic programs of the IHSA member schools, as well as for the individuals who participate in such programs. People involved in all facets of the interscholastic program are expected to demonstrate respect for others and display good sportsmanship.

Sportsmanship Is Everybody's Responsibility

Sportsmanship starts on the court or athletic field and extends into the bleachers and beyond. In today's increasingly competitive environment, the thrill of victory and the agony of defeat seem to be more intensified than ever before. It is important to raise the public awareness of sportsmanship and interscholastic activities. It is everyone's responsibility to practice good sportsmanship. Recognizing the efforts by students, coaches, administrators, spirit groups, and fans is a valuable part of the interscholastic experience.

ADMINISTRATIVE DISCRETION

Because participation in athletics/activities is a privilege, this Code is merely a guide for responding to certain identified actions or conduct. Not every situation involving conduct inconsistent with a student participant's status as a representative of the high school is or can be covered. The high school reserves the right, but not the obligation, to alter, revise, adjust, or increase sanctions and discipline on a case-by-case basis, as the interests of the school require.

MLA Writing and Research Style Guide Grades 6-12

Preface

In this time of technology and easy accessibility to the Internet, we are constantly bombarded by information of all kinds. We must be careful because some of the information we encounter may be inaccurate. Becoming literate about how to use information is an essential life skill. The abilities to persuade, debate, contribute, and negotiate by using facts, logical arguments, and reliable information are critical to participating in a democratic society. Information literacy provides people with strategies for learning that are transferable across all subjects and from academic settings to real life.

When a person is faced with an information problem, there are certain steps that the person can take to help solve the problem. Furthermore, there are specific ways to give credit and use information in a responsible way. This Style Guide shows ways to solve an information problem and also gives guidance in responsibly documenting information that is used.

Statement of Styles

There are several methods (or styles) one can use to document information. These styles give guidelines on how to document the use of research within the body of a paper and how to write a Works Cited or Reference page for a variety of types of sources. Remember, it is important to give credit to all information that is not taken from experience. Some of the most commonly used styles for documenting information are MLA (for Modern Language Association) and APA (for American Psychological Association). MLA style is normally used for research projects involving the humanities, such as English, history, and art. APA style is generally used for research dealing with the sciences. This style guide shows both MLA and APA styles.

Teachers in both secondary schools and colleges may specify the use of one of these styles or even a different one. Some may even give a choice of using any style. Students should use whatever style has been assigned.

**THE GOLDEN RULE OF
DOCUMENTING RESEARCH:
Any use of style must be consistent
throughout the research project.**

Explanation of One Method for Solving Information Problems

One method for solving a problem dealing with information is the Big Six, developed by Michael Eisenberg and Robert Berkowitz. “The Big Six process applies to all kinds of school work—homework, assignments, projects, reports, and even tests. . . . The Big Six provides a familiar, tried and tested approach to completing work . . . [and it] provides numerous opportunities . . . to ask the right questions (Eisenberg and Berkowitz 15). While conducting research, use the following steps of the Big Six to help in the process:

Overview of the Big Six

Step	Explanation of Step	Key Questions to Ask
1. Task Definition	Determining the purpose and need for information	<ul style="list-style-type: none">• What’s the task?• What types of information do I need?
2. Information Seeking Strategies	Examining alternative approaches to acquiring the appropriate information to meet defined tasks	<ul style="list-style-type: none">• What are possible sources?• Which are the best?
3. Location and Access	Locating information sources and information within sources	<ul style="list-style-type: none">• Where is each source?• Where is the information in each source?
4. Use of information	Using a source to gain information	<ul style="list-style-type: none">• How can I best use each source?• What information in each source is useful?
5. Synthesis	Organizing information drawn from a range of sources	<ul style="list-style-type: none">• How can I organize all the information?• How can I present the result?
6. Evaluation	Making judgments based on a set of criteria	<ul style="list-style-type: none">• Is the task completed?• How can I do things better?

Adapted from Eisenberg and Berkowitz, Information Problem-Solving and Eisenberg and Berkowitz, Helping with Homework.

Plagiarism

Plagiarism is the act of using someone else’s words or ideas as if they were one’s own. It is also plagiarism to change a few words and give no credit to the author. Plagiarism is a serious offense. While the student should be gathering ideas from other sources, those sources must be given credit in accordance with the following guidelines:

1. If the exact words of an author are used, whether they are sentences or phrases, quotation marks must be used and the source documented.
2. If an original idea of an author is used, even if it is not copied word for word, that idea must be documented.

Plagiarism is essentially theft - the stealing of someone else's intellectual property. Basically, student writers should understand that, unless they were born with the information (a feat worthy of the Guinness Book) or could have come to understand that information through their own experience (for example, how to play soccer), they need to cite their sources. "In writing your research paper, then, you must document everything that you borrow--not only direct quotations and paraphrases but also information and ideas. Of course, common sense as well as ethics should determine what you document. For example, you rarely need to give sources for familiar proverbs ('You can't judge a book by its cover'), well-known quotations ('We shall overcome'), or common knowledge ('George Washington was the first president of the United States'). But you must indicate the source of any appropriated material that readers might otherwise mistake for your own. If you have any doubt about whether or not you are committing plagiarism, cite your source or sources." (Gibaldi 29)

The APA Style Guide adds: "The key element of this principle is that an author does not present the work of another as if it were his or her own work. This can extend to ideas as well as written words."

American Psychological Association. Publication Manual of the American

Psychological Association. 4th ed. Washington, D. C.: Amer.

Psychological Assn., 1994.

Consequently, if evidence of plagiarism exists, a penalty will be imposed at the teacher's discretion and may range from grade reduction to no credit for the paper. Students should be prepared to prove that their papers are properly documented by providing notes in the form of notecards, notebook paper, typed notes, photocopies, or downloads. (See samples.)

Plagiarism can be avoided by using the following methods of source citation:

1. Direct Quotation - the use of a source's exact words, for example:

"On Saturday, October 27, 1962, at the height of the Cuban missile crisis, Nikita Krushchev's personal assistant and a Central Committee colleague moved their families out of Moscow. . ." (McNamara 47).

2. Paraphrase - the restating of the material in the student's own words, for example:

During the final hours of the Cuban missile crisis, Russia's leader thought nuclear war was possible and some acted to save their families (McNamara 47).

The student may also give credit to the source within the text, for example:

According to Secretary of Defense Robert McNamara, Russian leaders acted to save their families from possible nuclear war (47).

Steps in the Research Process

The following examples are based on a science paper on the topic of motion:

- As part of **Task Definition** (Step 1 of the Big Six), brainstorm for the topic first.

MOTION

definition	force
uses in daily life	Laws
potential energy	Movement
kinetic energy	history of discovery

- Before **Information-Seeking Strategies** (Step 2 of the Big Six) begin, narrow the brainstorming list to a few major subtopics. This will provide the student with a skeletal outline and categories for notes.

A SAMPLE PRELIMINARY OUTLINE

I. Introduction (include definition)

II. Laws of Motion

III. Types of Energy

A. Potential

B. Kinetic

IV. Form Changes of Energy

V. Conclusion

*At this point in the process, the student may want to discuss this plan with the teacher for final approval.

**Having an organizational plan creates a better research focus and can save time once the actual research begins.

- **Extracting the Information** (Step 3 of the Big Six)

Regardless of the method, ALL note-taking should have these common elements:

- #1 Complete Works Cited/References entry once
--each note should contain source
- #2 Category (key word or subtopic) plus author's last name and card number
- #3 Note
- #4 Page number of direct quote or paraphrase

Formatting with Modern Language Association (MLA) Guidelines

Although there are many acceptable ways to format a report, the following guidelines are the most common and are recognized by District 204 as the standard for all classes. Some teachers may have slightly different requirements. Begin with these guidelines as a rule of thumb, but be sure to take into account what the instructor has required. Most importantly, be consistent.

In a technologically-driven society, we encourage students to type their rough drafts on a word processor to speed up and simplify the revision process. Included in the guidelines are basic word processing tips that can be applied to any word processing program.

Fonts

Fonts should be dark, simple, and easy to read. Whichever font is selected, consistency is the key from the title page to the Works Cited page and everywhere in between.

Word Processing Tip: Do not select fonts which automatically print all characters in special styles such as cursive, bold, or italic. Examples of fonts to avoid include Bazooka, Script MT Bold, Scribble, and Paramount Italic. The default font is usually an appropriate choice.

Size

The standard size for typing reports is 12 point.

Styles

Plain text should be used throughout a report.

Word Processing Tip: Although a word processor offers many ways to highlight different areas of the text, such as bold and italic, none of these styles should be used in the report.

Spacing

All lines of the report should be double spaced. This includes quotations and the Works Cited page.

Word Processing Tip: Double spacing is sometimes referred to as line spacing 2. Keep in mind that, if line spacing is set at 2, one return is equal to a double space.

Margins

Use a uniform, 1-inch margin at the top, bottom, right, and left of every page.

Word Processing Tip: A 1-inch margin is typically the default setting on most programs. On some programs, setting top margin to 1/2 inch is necessary to accommodate the page header. Take note of the program and set margins to leave 1/2 inch above the header and 1 full inch between the top of the paper and the first line of text.

Alignment

The complete paper should be aligned flush with the left margin with a ragged or uneven right margin.

Word Processing Tip: This is often referred to as left aligned or left justified. It is typically the default setting on a word processor.

Titles

Page titles should be centered between the margins using 12 point, plain text. Use a colon followed by a space to separate titles from subtitles when needed. Titles of books included within the text or works cited should be underlined or italicized. Both styles are considered acceptable as long as the writer's style is consistent.

Page header

The report should have a running header on all pages except the title page, if required. The header should be typed in the top right corner of each page and should include the last name of the writer followed by one space and the page number. A correct example would be: Smith 2 (do not include "p." or any other symbol before the page number). Double space after the page header before the text. Pages should be numbered continuously throughout the report including the outline, if required, and the works cited.

Page header cont.

Word Processing Tip: Be sure to utilize the page header and page numbering features of the word processor which will instruct the computer to carry out these tasks automatically. Under no circumstances should the running page header be manually typed on each sheet. Set the header up to be right aligned, 12pt. and plain text. Include a double space after the page number before returning to regular text.

Capitalization

Use upper and lower case letters (capitalize the first letter of the first word, the last word, and all important words) for titles. Within the text, follow traditional grammar rules of capitalization.

Punctuation

Space once after all commas, colons, semi-colons, punctuation at the end of a sentence, periods that separate the parts of a works cited entry, and periods that follow an initial in personal names. Do not space before or after dashes or hyphens.

Note: Although in the past, many people were taught to space twice after all periods, colons, and punctuation at the end of the sentence, the use of word processors and proportional spacing has eliminated the need for the second space.

Placement of punctuation with parentheses depends on the context. If the context requires a comma (as this sentence does), the comma follows the closing parenthesis. If a complete sentence ends with a parenthesis, the period follows the closing parenthesis (as in this sentence). (If a complete sentence, like this one, is enclosed in parentheses, the period is placed inside the closing parenthesis.)

Quotations

See Plagiarism section in Preface for general documentation guidelines.

Short quotations—fewer than 4 lines of prose or < 3 lines of poetry—should be incorporated into the text and enclosed by quotation marks.

- End punctuation goes **after** the parenthetical documentation.
- If the quotation ends in a question mark or exclamation point, that punctuation should precede the closing quotation marks. **No other** punctuation should precede the closing quotation marks.
- When quoting dialogue, single quotation marks enclose the speaker's words.
- Slashes are used to indicate line breaks when quoting poetry.
- When adding ellipses to indicate omissions from the quoted material, enclose them in brackets.

Example: Prose

“ ‘What about Uncle Jimmy?’ asked Jem. ‘Is he comin’, too?’” (Lee 130).

Example: Poetry

In “Warning,” Jenny Jacobs explains to the reader, “When I am an old woman I shall wear

purple / With a red hat which doesn't go [. . .]” (1-2).

Long quotations (more than 4 lines of prose or > 3 lines of poetry) should be set off from the text in a block by beginning on a new line.

- The whole block should be indented 1 inch from the left margin, double spaced, without quotation marks or the usual first line indent.
- The right margin does not change.
- If the quotation is more than one paragraph, the first line of the second and additional paragraphs are indented five spaces from the new margin.
- A colon may introduce a quotation displayed in this way.
- The end punctuation goes before the parenthetical documentation on the last line of the block. There is no punctuation after such documentation.
- In block quotations of poetry, the lines must appear as they do in the original text.
- Quoting two or more speakers in a play also require a block.

Example: Prose

Nick’s final introspection characterizes his understanding of Gatsby’s dream:

And as I sat there, brooding on the old unknown world, I thought of Gatsby’s wonder when he first picked out the green light at the end of Daisy’s dock. He had come a long way to this blue lawn and his dream must have seemed so close that he could hardly fail to grasp it. He did not know that it was already behind him, somewhere back in that vast obscurity beyond the city, where the dark field of the republic rolled on
[. . .] . (Fitzgerald 189)

Example: Poetry

Elizabeth Bishop’s “In the Waiting Room” is rich in evocative detail:

In Worcester, Massachusetts,
I went with Aunt Consuelo
to keep her dentist’s appointment
[.]
It was winter. It got dark early. (1-3, 6-7)

Example: Two or more speakers in a play

A short time later Lear loses the final symbol of his former power, the soldiers who make up his train:

GONERIL. Hear me, my lord.
What need you five-and-twenty, ten or five
To follow in a house where twice so many
Have a command to tend you?
REGAN. What need one?
LEAR. O, reason not the need! (Shakespeare 2.4.254-58)

Example: Two or more speakers in a play cont.

***Note:** The dialogue should start after capitalized names and subsequent lines of that same character's dialogue should be indented to line up under the second letter of the character's name.

****Note:** Shakespearean drama is usually written in blank verse, a form of poetry, so this example follows the guidelines for formatting a poetry block in terms of where the typed lines end. A block of prose drama does not have that second set of special requirements, so the line typing continues to the right margin.

Title Page

MLA does NOT require a title page and includes student name, etc. on the first page of the report. Should the teacher require a title page, it is to be double spaced and include two parts. The first part should be centered between the left and right margins. On three separate lines, include the title of the paper, the word "by" (use lower case, no punctuation) and the writer's name. The second part should begin at the horizontal midpoint of the paper. On a separate line, type the following items double-spaced: class name and period separated by a comma and a space, teacher's name, and due date of the paper. See sample at the end of this guide.

Margins for the title page should be 5 inches at the top and 1 inch at the left, right, and bottom.

Word Processing Tip: To do the second part of the title page, use left alignment and set a left tab at 4 1/4 inches.

Page 1 Heading

If not using a title page, the page 1 heading should be typed on the first sheet of the report text or outline. Begin with the page header and page number flush with the right margin 1/2 inch down from the top with a double space after it. **At the left margin on separate double-spaced lines, type the writer's name, instructor's name, class name and period, and due date of the paper.** Date is typed in this order: Number of the Day Month Year

Example: 28 August 2007

Double space again and center the title of the paper in upper and lower case letters. Double space once more, return to the left margin and begin the text. See the sample report.

Outline

When an outline is required, it should be typed in double-spaced format from top to bottom. Margins should be set at 1-inch on all sides. If the outline is to be the first sheet of the paper, the page 1 heading should be included on this page. Each level of the outline should be indented to line up with first letter of the previous level.

Word Processing Tip: Many word processors now include automatic outline components which simplify the formatting process. Explore this option, and make sure it is acceptable with the teacher.

Report text

Begin the report text with the page header and the page one heading as described in this guide. The paragraphs of the report should be typed in double-spaced format flush with the left margin. Be sure to indent paragraphs 1/2 inch. Do not skip to a new page at the beginning of a new section.

Works Cited/References

A list of sources used in research can have many names. MLA style refers to it as Works Cited; whereas, APA refers to it as References. "As the heading Works Cited indicates, this list contains all the works that you will cite in your text... Other names for such a listing are Bibliography (literally, "description of books") and Literature Cited. Usually, however, the broader title Works Cited is most appropriate, since research papers often draw on not only books and articles, but also films, recordings, television programs, and other nonprint sources... Titles used for other kinds of source lists include Annotated Bibliography, Works Consulted, and Selected Bibliography. The title Works Consulted indicates that the list is not confined to works cited in the paper."

Gibaldi, Joseph. *MLA Handbook for Writers of Research Papers*. 6th ed.

New York: MLA, 2003.

Teachers who wish to have their students indicate all the sources they read might wish to use the term Works Consulted.

Follow teacher preferences. The Works Cited or References page should be typed on a new sheet and placed at the end of the paper. Works Cited or References should be centered in upper and lower case letters after the page header.

Double space all lines of the page both within and between the entries. Type the first line of each entry flush with the left margin indenting all other lines of that source 1/2 inch from the left margin. Titles of books should be underlined or italicized. Entries should be alphabetized by author's last name or first key word of entry. For more details on specific content and placement of parts, refer to the sections in this guide for the appropriate style (MLA or APA).

Word Processing Tip: Be sure to utilize the hanging indent feature of the word processor when indenting the additional lines of an entry. The hanging indent feature will cause the program to wrap the line around and indent at the same time.

Final Note: In all parts of the paper, consistency is the most important rule to follow.

Documenting with Modern Language Association (MLA) Guidelines

Documenting Guidelines Within the Research Paper or Project

When the author's name is not mentioned in the sentence, indicate the author's last name and page number in the parentheses:

Example:

One researcher has found that dreams move backward in time as the night progresses
(Dement 71).

When the author's name is mentioned in the sentence, indicate the page number in the parentheses:

Example:

Dement has found that dreams move backward in time as the night progresses (71).

When more than one work by the same author is used, indicate the author's last name, a short form of the title, and the page number in parentheses:

Examples:

One current theory emphasizes the principle that dreams express "profound aspects of personality" (Foulkes, "Sleep" 184).

But investigation shows that young children's dreams are "rather simple and unemotional"
(Foulkes, "Dreams" 78).

When the work has two or three authors, give all authors' names in the parentheses:

Example:

Psychologists hold that no two children are alike (Gesell and Ilg 68).

When the work has no author's name, begin with the word by which the title is alphabetized in the Works Cited:

Example: **LOCKERS** (BP 710.01)

Random testing for use of steroids by athletes is facing strong opposition by owners of several of these teams (Steroids 22).

Ways To Document Literary Works

Use the author's last name and page (prose), the line (poetry), or the act/scene/line (drama) references immediately following the quoted material. For detailed information on formatting quotations and block quotations, see the next section.

Examples:

Prose:

At the climax of the story when Doodle's brother says, "I began to weep, and the tear-blurred vision in red before me looked familiar. 'Doodle,' I screamed above the pounding storm and threw my body to earth above his" (Hurst 58), he realizes he has pushed his brother too hard.

Poetry:

In "Warning," Jenny Jacobs explains to the reader, "When I am an old woman I shall wear purple/With a red hat which doesn't go [. . .]" (1-2).

(Note: Verse quotations of more than three lines should begin on a new line. See Formatting section)

Drama:

In *Romeo and Juliet*, Romeo's soliloquy before going to the Capulets' party foreshadows the tragic end of the play when he says, "For my mind misgives/Some consequence yet hanging in the stars [. . .]" (Shakespeare 1.4.85-86).

Preparing a List of Works Cited

Any special circumstances or examples not listed in this section should be referenced in the current edition of the *MLA Handbook for Writers of Research Papers*.

- Works Cited page lists entries alphabetically by author's last name or first key word in the title if no author appears.
- When a work has more than three authors, the entry should list the first author followed by a comma and then et. al ("and others").
- Names of months are abbreviated except May, June, and July.
- The original publication date of a republished work should be listed after the title followed by a period. Current publication information is listed next.
- The following examples illustrate correctly punctuated entries.

Entries in a works-cited list for print sources contain as many items from the list below as are relevant and available.

1. Author's name
2. Title of a part of the book (work in an anthology)
3. Translator of the part of the book
4. Title of the book
5. Name of editor, compiler, or translator preceded by the appropriate abbreviation (Ed., Comp., Trans.)

Preparing a List of Works Cited cont.

9. Name of the series
10. Place of publication, name of publisher, and date of publication
11. Page numbers

Separate information applies to electronic sources. Refer to the list that begins the electronic examples.
